Group Exercise Class Benefits & Descriptions

| Balance | Cardio Fitness | Cognitive Health | Core Stability |
|--|---|--|---|
| Improves equilibrium and reduces the risk of falling. B | Strengthens the heart and lungs for efficiency. CF | Enhances neuromuscular activity and helps improve mind/body connection through specified movement patterns. CH | Strengthens the deep abdominal muscles and improves postural alignment. CS |
| Flexibility | Muscular Strength | Small Group Training | Youth Fitness |
| Enhances the mind/body connection, improving coordination and reducing stress. Enhances joint range of motion. F | Increases strength and enhances muscular development and coordination. MS | Sessions led by a personal trainer and focus on a specialized format for more encouraging individual progression. SG | Kids enjoy circuit training games, develop skills to increase strength, balance and cardio capacity through the art of play. YF |

All Terrain Ride **CF**

Vary your cardiovascular workouts aerobically and anaerobically by a virtual indoor bike ride with motivation, coaching and music. The cycle class schedule is posted outside the cycling studio.

Aqua Aerobics **CF MS F**

Improve your balance, strength and coordination and keep your heart healthy. These classes are held in the shallow end and are perfect for the new exerciser or those with limitations because of the low-intensity, low impact nature.

Aqua Zumba **CF CH MS**

Integrating the Zumba formula with traditional aqua fitness disciplines. This 45-minute class blends it all together into a safe, challenging, shallow pool workout that's cardio conditioning, body toning and tons of fun! It's a pool party!

Base Fitness **CF CS B MS F**

A low impact cardio workout, as well as some light resistance training and flexibility. Will include introduction to various equipment, balancing, core work and flexibility.

Body Sculpt **MS CS B MS**

This class will take you through a series of cardio and strength training exercises to help you burn fat and strengthen your muscles. It offers a variety of workout styles that will suit everyone. (B,CF, CS,MS)

Boot Camp **CF CS MS**

The ultimate high intensity cardio workout. This challenging interval class combines various callisthenic exercises with intense cardio for maximum fat and calorie burn. You can expect some days to have high/low intervals, and other days all out high intensity intervals, but bottom line, you will challenge your aerobic thresholds every time.

Cardio & Strength **CF CS MS SG**

A small group training class offering different types of cardiovascular and strength building exercises. Everything in one workout! Limited space.

Cardio Aqua **CF MS**

A class with high and low intensity intervals utilizing a combo of cardio, strength and conditioning moves for a maximum workout.

Circuit Interval **CF CS MS**

A high and low intensity class utilizing a combo of cardio, strength and conditioning moves. Formats may vary.

Express Abs **CF SG**

Intentional movements designed to target the lower, middle and upper abs as well as the obliques. Limited space.

Flexibility & Mobility **CH CS B F SG**

Get back to the basics with exercises designed to improve how the body moves. This class focuses on mobility, the connectivity between muscle groups, and the fascial system. Limited space.

Happy Yoga **CH CS B F**

A practice of yoga that will tap into humor, joy and celebration. The use of movement and breath to bring joy into your life, body, mind and hopefully into your practice.

Interval Step & Tone **CF MS**

This high energy interval training class alternates intermediate step moves with intense muscle conditioning.

Kid's Club Make 'Em Move **YF**

A class provided through our Kid's Club, this high energy and fast paced class includes sports, games and aerobic activities to improve endurance and agility. A fun way to get kids moving.

Pilates **CH CS B F**

This form of exercise challenges the mind/body connection of participants who strive to achieve the principles of centering, concentration, control, precision, breath and flow. All of this while working from the core in every exercise.

Pilates & Barre **CS B F**

A fusion of mat Pilates and ballet barre designed to reshape, tone, and strengthen.

Power Muscle **CF CS MS**

Get in, get it, and get out- build muscular strength and power in this high energy class utilizing the cardio barbell system.

Strong 45 **CS MS**

Moving in sync with music makes you work harder. This 45-minute class will push you past your plateaus to help you reach your fitness goals faster. Using your own body weight, you will gain muscular endurance, tone and definition.

Sunrise Cycle & Core **CF CS**

A class with high intensity intervals on a stationary bike for the first 35 minutes of class. The remainder of the class will be held next door in Studio C emphasizing core strength.

Women On Weights (W.O.W) **CF MS SG**

Join this class and help bust the myth that weight training makes women bulky. You will learn to use free weights, hammer strength machines, cable crossovers, and much more! Limited space.

Y-Barre **CS B MS F**

Utilize a ballet bar and other equipment to tone the body with an emphasis on lower body and core.

Yoga-Pilates **CH CS B F**

A core strengthening class that also will have the spine lengthening of Pilates mat work, with basic yoga postures. You get the benefits of both disciplines!

Yoga/Sunrise Yoga **CH CS B F**

A potent alignment-oriented practice that emphasizes the forms and actions within postures. These classes are based on physical postures (asanas), deep breathing, mindfulness and listening to the body.

Zumba **CF**

An exciting and unique workout incorporating Latin dance, Merengue, Salsa, Cha-Cha, Tango, Hip Hop and Rock-N-Roll.

Zumba Gold **CF**

Designed for the Active Older Adult, beginner, Post/Pre-natal participant, and other special populations that may need modifications for success.

Zumba/Toning **CF MS**

30-45 minutes of Zumba followed by 10-15 minutes of toning.
